

# Contact Management?

Trying to find the right Contact Management software?

**QS Contacts** from Q-Software is specially designed for small businesses – we needed one so we built it ourselves!

## QS Contacts features

- ✓ Hosted system – no installation, upgrades, compatibility issues
- ✓ Separate Desktop and Mobile versions
  - Desktop app designed around bulk data issues
    - Importing/exporting data
    - Producing call lists
    - Recording/viewing contact events
  - Mobile app designed to be used ‘on the go’
    - Calling up individual records
    - Instantly phoning or emailing contacts
- ✓ Clear, functional screens that allow you to focus on your contacts and tasks
- ✓ Simple price plan – small monthly fee

Until now there just hasn't been anything suitable out there for small businesses -

- huge packages for large companies!
- too complex to use
- too difficult to master quickly
- too expensive

But NOW – there's

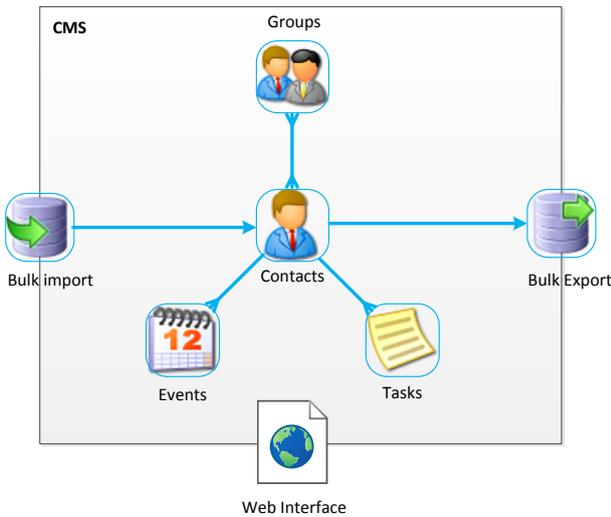

## QS Contacts

Q-Software

## QS Contacts

Simple functional model designed to meet your essential needs

Clear, functional screens that allow you to focus on your tasks and contacts

This is a screenshot of a mobile application interface for contact details. The header shows 'Home' and 'Return to Current Contact'. The form fields include: Name (John Smith), Company, Mobile (0791 234567), Telephone (020 123 456), Role (Sales Manager), Email (john@smith.com), Address, Website (http://), Contact Type (Client), and Sector (Marketing). At the bottom, there are buttons for 'Save Changes', 'View Tasks', 'View Events', 'Add New Task', 'Add New Event', 'Group Membership', and 'View Notes'.

mobile app

This is a screenshot of a desktop application interface. The top section shows 'Contact's details' with fields for Name (John Smith), Last name (Smith), Telephone (020 123 456), Mobile (0791 234567), Email (john@smith.com), Company, Role (Sales Manager), Address, Sector (Marketing), Client Type (Client), Website (http://), and a 'Blocked' checkbox. A 'Save Changes' button is at the bottom right. Below this is a 'Contact Events' table with tabs for 'My Tasks', 'Notes', and 'Groups'. The table has columns for ID, Date, Campaign, contactId, Contact, Event Type, and Notes. Two events are listed: one on 01/05/2014 (Phone Call) and one on 28/04/2014 (Email sent). 'New Event' and 'Edit Event' buttons are at the bottom left.

ID	Date	Campaign	contactId	Contact	Event Type	Notes
1878	01/05/2014 14:13:05		1872	John Smith	Phone Call	Phoned for visit
1879	28/04/2014 00:00:00		1872	John Smith	Email sent	Mailshot
